

Toolbox Talks

January Safety Talk Week 3

WORKER RESPONSIBILITIES

Each worker shall take reasonable care to protect his health and safety as well as the health and safety of other workers who may be affected by his acts or omissions. This basic responsibility includes:

1. Learning and complying with all safety rules and regulations.
2. Learning and complying with all Safe Work Procedures.
3. Maintaining good housekeeping.
4. Reporting unsafe work conditions or practices to Foreman or Supervisor immediately.
5. Reporting all accidents and injuries.
6. Co-operating in incident investigations.
7. Using appropriate Personal Protective Equipment, and maintaining such equipment.
8. Review all Job Hazards & Safe Work Procedures
9. Refusing to do work that would create a hazard to the health and safety of themselves or others.
10. Referring to Material Safety Data Sheets to learn the hazards of and preventative measures to be taken when using chemicals.
11. Understanding and following Part 3, Division 3, 116 of the Workers Compensation Act – “General Duties of Employers, Workers and Others”.
12. Setting a good example.

ADDITIONAL CREW SAFETY TALKS

**Ensure participation in all crew talks & hazards reporting
is a team effort, therefore you and me need to work together!!!!**
